

AMERICORPS ON THE FRONTLINE

Member Recruitment Toolkit

Recruitment is a crucial task for AmeriCorps programs across the country. Finding, recruiting, screening, and placing AmeriCorps members effectively is key to a successful program. Successful recruitment and placement helps service programs achieve their goals more effectively and is often the result of thoughtfully considered marketing and public relations efforts.

Individual counties manage the selection process of all Members in the AmeriCorps on the Frontline project and The Education Alliance provides final approval of selected applications. Research has shown there are six (6) steps to successful AmeriCorps recruitment.
