

EQUITY

CHALLENGE

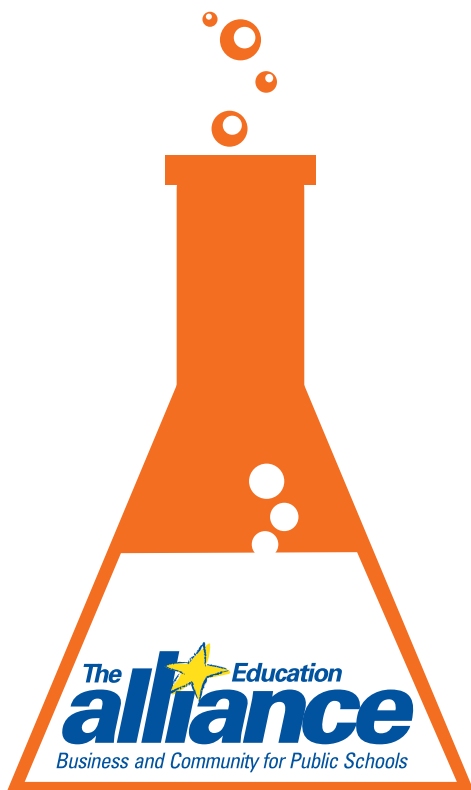

STEM NETWORK SCHOOLS

STEM Network Schools are committed to being model schools in STEM (Science, Technology, Engineering, Math) education. Schools receive \$30,000 over a 3 year period enabling them to participate in professional development, design & implement a robust action plan, and engage their communities in the process.

STEM Network Schools will:

-  Increase student engagement in STEM learning
-  Enhance school-wide STEM instruction
-  Expand meaningful STEM partnerships
